DUSMO

The Dustless Sweeping Powder

Made in Two Varieties.

DUSMO for Carpets and Polished Floors.

The powder is laid in a thin line across the carpet and is then swept evenly forward with a stiff broom.

It absorbs every particle of dust, which cannot, therefore, rise into the air to cause damage to curtains and decorations.

Tea-leaves simply damp the carpet, turning the dust into mud—DUSMO, by removing the dust, brightens the colours of the carpet.

DUSMO B (Lydus) for Uncarpeted Floors.

This variety of Dusmo is similar to the Carpet Dusmo, in that it absorbs all the dust, but, being heavier, it has a gentle, dry-scouring action, which removes the dirt and improves the floor surface, thus saving washing and scrubbing.

It is used with the ordinary soft broom.

DUSMO contains no oil or grease, and, being hygroscopic, retains its dust absorbing properties indefinitely. :: :: :: :: :: :: ::

As only a thin line of powder is required for each sweeping it is most economical.

POSITIONS IN WHICH INSIGNIA SHOULD BE WORN.

FIRST CLASS.

SECOND CLASS.

THIRD, FOURTH AND FIFTH CLASSES.

SKETCHES SHOWING THE MANNER IN WHICH THE INSIGNIA OF THE FIVE CLASSES OF AN ORDER SHOULD BE WORN.

NOTE.—In Diagram 3 the Third Class is the Neck Badge and the Fourth or Fifth Classes the Badge on the breast.

The Insignia of the 1st Class (Knight Grand Cross or Knight Grand Commander) are worn in the following manner:—

The Riband is worn over the right shoulder and in such a position that the bow, which rests on the left hip and from which the Badge is suspended is *immediately below* the belt or sash, as the case may be.

To ensure the Riband fitting well, the top edge should be fashioned to avoid sagging, and the ends should *not* be stitched together under the bow but held behind it by a large hook and eye, with an additional small hook and eye just above to ensure their being kept close together.

Collars are worn on "Collar Days" (*see* page 135), and on other occasions when due notification is given, but not after sunset except when specially ordered. They should be worn over the shoulder straps or epaulettes of Uniform Coats and also over aiguillettes, and fastened at the shoulders by White Satin Bows, $1\frac{1}{2}$ inches wide, the Collar hanging at equal distance back and front.

When the Collar (from which the Badge is suspended) is worn, the Riband of that Order, with its Badge, should *not* be worn, but it may be replaced by the Riband of another Order.

In the case of a G.C.M.G., a G.C.I.E., and a G.C.V.O., one Badge only is provided, so that when the Collar is worn the Badge is removed from the Riband and attached to the Collar and *vice versa*. The G.B.E. has no Collar.

Dames Grand Cross.—The Riband ($2\frac{1}{4}$ inches in width) is worn over the right shoulder. It should be attached to the dress on the shoulder and at the waist just above the bow, from which is suspended the Badge. This ensures the Riband keeping in the right position and fitting properly. The Star is worn on the left side, not higher than 6 inches above the waist.

If a Knight possesses two or more Orders which entitle him to a Riband and Collar of each, only the Riband of one Order and the Collar of another should be worn together.

The Insignia of the 2nd Class (Knight Commander) are worn as follows :—

The Riband with the Badge attached is worn round the neck inside and under the Collar of the Uniform Coat, so that the Badge may hang about $\frac{3}{4}$ of an inch below the Collar, the Star being affixed to the left breast.

In the case of a Dame Commander of the Order of the British Empire, the Bow with the Badge attached should be worn on the left side, the Star being affixed below the Badge on the same side.

When two Stars are worn they should be directly above each other, the Star of the senior Order being at the top ; but when three Stars are worn, the Star of the senior Order is worn above and the Stars of the two junior Orders beneath in line. In the case of four Stars, *see* diagram facing page 105.

This is the maximum number allowed to be worn at any one time.

The Insignia of the 3rd Class (Companion or Commander) are worn as follows :—

The Riband with the Badge attached is worn round the neck inside and under the Collar of the Uniform Coat, so that the Badge may hang about $\frac{3}{4}$ inch below the Collar.

For instructions as to wearing more than one Neck Badge, *see* page 110, and diagram facing page 105.

In the case of ladies, the Badge is affixed to a Bow, and is worn on the left side.

The Badge of the 4th and 5th Classes (Officer or Member) is worn as follows :—

The Riband with the Badge attached is affixed to the left breast. In the case of ladies, the Badge is affixed to a Bow, and is worn on the left side.

THE ORDER OF MERIT.

The Riband with the Badge attached is worn round the neck, in the same manner as the Badge of the 3rd Class of other Orders. It is never worn in miniature.

THE ORDER OF THE COMPANIONS OF HONOUR.

The Riband with the Badge attached is worn round the neck, in the same manner as the Badge of the 3rd Class of other Orders. It is never worn in miniature.

In the case of ladies, the Badge is affixed to a Bow, and is worn on the left side.

THE DISTINGUISHED SERVICE ORDER.

The Badge is affixed to the left breast by a brooch.

THE IMPERIAL SERVICE ORDER.

The Badge is affixed to the left breast by a brooch.

In the case of ladies, the Badge is affixed to a Bow, and is worn on the left side.

Decorations and Medals should be worn on the left breast.

When two or more are mounted on a bar they should be arranged so that the lower edge is in line.

Orders, Miniature Decorations, and Medals are worn with the Alternative Dress (described on page 79) on Ceremonial occasions when Levée or Full Dress is worn.

For instructions as to wearing Insignia with the above Dress, and also with ordinary Evening Dress, *see* pages 111 to 113.

In Evening Dress, ladies may wear Orders, Decorations and Medals in miniature on occasions when Insignia are worn ; but when gentlemen wear Levée or Full Dress, ladies should wear full-size Orders, Decorations and Medals, as described above and on pages 107 and 108.

INSTRUCTIONS FOR WEARING BADGES ROUND
THE NECK IN UNIFORM BY THE POSSES-
SORS OF THE INSIGNIA OF MORE THAN
ONE ORDER WHICH IS SO WORN.

Only one Riband and Badge, *i.e.*, the *senior one*, is worn round the neck inside and under the Collar of the Uniform Coat, so that the Badge hangs about an inch outside and below the front of the Collar. All other Badges are worn, one below the other, commencing about an inch below the senior badge, each suspended from a riband emerging about $\frac{3}{4}$ inch between the buttons of the Uniform Coat. A small eye is stitched inside the coat to which the riband is fastened by a hook. (*See* diagram facing page 105.)

WEARING OF INSIGNIA WITH THE VELVET COURT DRESS, THE CLOTH COURT DRESS, AND THE ALTERNATIVE DRESS.*

Ribands of the various Orders are worn under the coat but over the waistcoat. Only one Riband, that of the senior Order, is worn (*see* diagram, page 114).

Stars are worn on the left side of the coat. Knights Grand Cross, and Knights Commanders on all occasions, except on Collar Days, when wearing the Stars of their Orders, should also wear a Riband and Badge, and *vice versa*.

A Neck Badge (full size) is suspended from a Riband of the Order and worn under the white tie, the Badge hanging about an inch below (*see* diagram, page 114).

If in possession of more than one Neck Badge, the senior one should be worn round the neck, and all other Orders, Decorations and Medals, including those of the Neck Badges, in miniature.

The Badges of the Order of Merit and Companions of Honour are never worn in miniature.

In the case of the Velvet Court Dress, *Old Style* (page 76), a Neck Badge should be worn as follows :—

The Neck Riband (preferably miniature width) should be worn under the net stock, or, where a lace fall with ordinary linen collar and evening tie are worn, under the neck band of the tie, the Badge hanging about 1 inch below the level of the neck stud and resting on the lace frill or fall.

* For full details of these dresses, *see* pages 76-79.

WEARING OF INSIGNIA WITH EVENING DRESS.

(For occasions of wearing, see page 115.)

Ribands of Knights of the Orders of the Garter, Thistle and St. Patrick, and Knights Grand Cross and Knights Grand Commanders of other Orders, are worn under the Evening Dress coat but over the waistcoat. Only one Riband is worn. (See diagram, page 114.) If in possession of more than one Riband it is usual for the Riband of the senior Order to be worn, but it is permissible, if more appropriate, for a junior one to be worn.

Stars (full size *never* in miniature) are worn on the left side of the coat. Knights Grand Cross and Knights Commanders on all occasions, when wearing the Stars of their Orders, should also wear a Riband and Badge, and *vice versa*.

A Neck Badge (full size) is worn under the white tie suspended from a Riband of the Order (preferably miniature width), the Badge hanging about an inch below. (See diagram, page 114.) The Badges of the Order of Merit and Companions of Honour are never worn in miniature.

If in possession of more than one Neck Badge (only one should be worn at a time), it is usual for the senior one to be worn round the neck, but as it may be more appropriate for a junior one to be so worn, it is permissible to wear *all* the Neck Badges (with the exception of the Order of Merit and Companions of Honour) in miniature with the Decorations and Medals on the lapel of the coat, and in addition the full-size Neck Badge most appropriate to the occasion round the neck.

Thus, in the case of the holder of a K.C.M.G., a C.B., and a C.S.I., at an Official India Office Dinner, the C.S.I. Badge would be worn round the neck, and the K.C.M.G., C.B. and C.S.I. Badges in miniature on the lapel of the coat, and, of course, the K.C.M.G. Star.

It is important to note that this applies only to the possessor of more than one Neck Badge. If only possessed of *one* Neck Badge, it is always worn full size round the neck and never in miniature on the lapel of the coat.

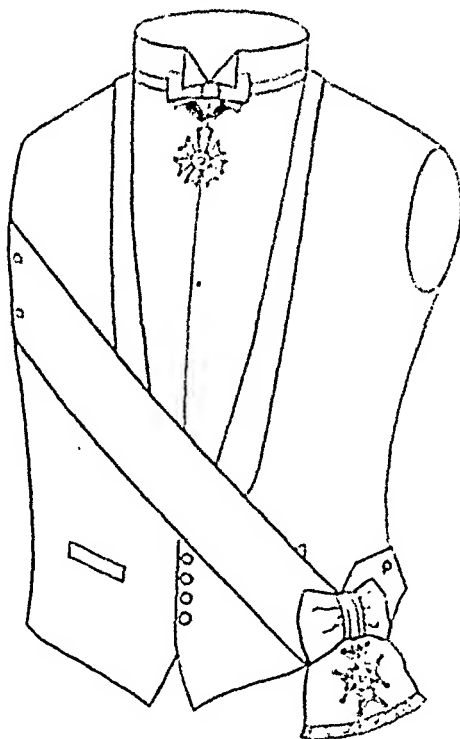

These remarks also apply to possessors of Foreign Neck Badges, as it would, for instance, be more appropriate for the holder of a Legion of Honour Neck Badge to wear it at an official dinner at the French Embassy, in place of his senior Neck Badge usually worn.

Orders worn on the breast, Decorations and Medals are worn in miniature on the left lapel of the coat. The width of ribands should be $\frac{5}{8}$ inch and the length $1\frac{1}{4}$ inches, but when two or more are mounted on a bar they should be arranged so that the lower edge is in line.

These instructions will not affect the existing regulations with regard to the wearing of Insignia, in miniature, by Naval, Military, and Air Force Officers.

In Evening Dress, ladies may wear Orders, Decorations and Medals in miniature on occasions when Insignia are worn; but when gentlemen wear Levée or Full Dress, ladies should wear full size Orders, Decorations and Medals, as described on pages 107 to 109.

THE WEARING OF KNIGHTS GRAND CROSS
RIBANDS AND NECK BADGES WITH
EVENING DRESS.

The Knight Grand Cross Riband is worn on the waistcoat and does not pass over the shoulder and down the back as with the uniform coat. It is fastened at the front of the armhole with two holes and buttons and at the opposite hip front by a button-holed pointed flap (as shown in the above Sketch). The top edge of the Riband should be fashioned to avoid sagging and undue covering of the shirt front.

A Neck Badge (full size) is worn *under* the white tie, suspended from a riband of the Order (preferably miniature width), the Badge hanging about an inch below.

NOTE.—For further particulars as to wearing Insignia with Evening Dress, see pages 112 and 113.

OCCASIONS WHEN ORDERS, MINIATURE DECORATIONS AND MEDALS SHOULD BE WORN WITH EVENING DRESS.

By His Majesty's Commands the Regulations issued in June, 1912, defining the occasions when Orders, Miniature Decorations and Medals are worn with Evening Dress, are cancelled.

In future, Knights Grand Cross and Knights Commanders on all occasions, when wearing the Stars of their Orders, will also wear a Riband and Badge, and *vice versa*.

Regulations respecting Foreign Orders and Medals applicable to persons in the Service of the Crown.

ORDERS.

1. It is the King's wish that no subject of His Majesty in the Service of the Crown shall accept and wear the Insignia of any Foreign Order without having previously obtained His Majesty's permission to do so, signified either :

(a) By Warrant under the Royal Sign-Manual, or

(b) By restricted permission conveyed through His Majesty's Private Secretary.

2. Permission given by Warrant under the Royal Sign-Manual will enable the Insignia of the Foreign Order to be worn at all times and without any restriction.

Restricted permission will only enable the Insignia to be worn on the occasions specified in the terms of the letter from the King's Private Secretary conveying the Royal sanction.

3. Full and unrestricted permission by Warrant under the Royal Sign-Manual is contemplated in the following cases :—

For a Decoration conferred—

On an Officer in His Majesty's Naval, Military or Air Forces lent to a Foreign Government ; on an Officer in His Majesty's Naval, Military or Air Forces attached by his Government to a Foreign Navy or Army during hostilities ; or on any British Official lent to a Foreign Government and not in receipt of any emoluments from British public funds during the period of such loan.

Red Cross and kindred services will only be regarded as "valuable" for the purposes of these Regulations when they have been rendered in a war in which the Empire has itself been engaged, and when the Decoration for the wearing of which permission is sought has been conferred by an Allied State.

4. Restricted permission is contemplated for Decorations which have been conferred in recognition of personal attention to the Head of a Foreign State, and which are therefore of a more or less complimentary character, and will, as a rule, only be given on exceptional occasions when in the public interest and for political reasons it is deemed expedient that the acceptance of a Foreign Decoration should not be declined. Restricted permission will generally be given in the following cases:—

For a Decoration conferred—

(1) On British Ambassadors or Ministers abroad when the King pays a State visit to the country to which they are accredited;

(*Note.*—A State visit is defined as one on which the King is accompanied by a Minister or High Official in attendance.)

(2) On members of Deputations of British Regiments to Foreign Heads of States;

(3) On members of Special Missions when the King is represented at a Foreign Coronation, Wedding, or Funeral; or on any Diplomatic Representative when specially accredited to represent His Majesty on such occasions; and such Members of his Staff who actually attend the ceremonies in their official capacity;

(4) On Naval, Military, and Air Attachés only after completion of five years' service at the post to which they are appointed in that capacity.

5. Restricted permission will *not* be given to—

(1) British Ambassadors or Ministers abroad when leaving;

(2) Members of British Missions announcing the Accession of a Sovereign;

(3) British Officers attending Foreign Manœuvres;

(4) Naval Officers of British Squadrons visiting Foreign Waters.

6. The desire of the Head of a Foreign State to confer upon a British subject in the Service of the Crown the Insignia of an Order

must be notified to His Majesty's Principal Secretary of State for Foreign Affairs, either through the British Diplomatic Representative accredited to the Head of the Foreign State, or through his Diplomatic Representative at the Court of St. James.

7. When His Majesty's Principal Secretary of State for Foreign Affairs shall have taken the King's pleasure on any such application, and shall have obtained His Majesty's permission for the person in whose favour it has been made to wear the Insignia of a Foreign Order, he shall signify the same to His Majesty's Principal Secretary of State for the Home Department, in order that he may cause a Warrant, if it be a case for the issue of a Warrant as defined in Rule 2, to be prepared for the Royal Sign-Manual.

When such Warrant shall have been signed by the King, a notification thereof shall be inserted in the "Gazette," stating the service for which the Foreign Order has been conferred.

Persons in whose favour such Warrants are issued will be required to pay to His Majesty's Principal Secretary of State for the Home Department a stamp duty of 10s.

8. The Warrant signifying His Majesty's permission may, at the request and at the expense of the person who has obtained it, be registered in the College of Arms. Every such Warrant as aforesaid shall contain a clause providing that His Majesty's licence and permission does not authorise the assumption of any style, appellation, rank, precedence, or privilege appertaining to a Knight Bachelor of His Majesty's Realms.

9. When a British subject in the Service of the Crown has received the Royal permission, full or restricted, to accept and wear the Decoration of a Foreign Order, he will not be allowed to accept and wear the Decoration of a higher class of the same Order without His Majesty's approval, which will only be given if the higher honour is being conferred in circumstances contemplated by these Regulations.

MEDALS.

10. Medals conferred by the Head or Government of a Foreign State for saving or attempting to save life at sea or on land may be accepted and worn without His Majesty's special permission.

11. Other Medals, with the exceptions specified below, are subject to the Regulations in the same manner as Orders, but permission is given by Letter and not by Royal Warrant.

12. In the case of medals for Red Cross services, permission will only be granted in the conditions laid down in Rule 3 above.

13. Applications for His Majesty's permission to wear Medals conferred by Private Societies or Institutions and Commemorative Medals cannot be entertained.

14. The King's unrestricted permission to accept and wear a Foreign War Medal will only be given to (1) Officers of His Majesty's Naval, Military, or Air Forces if serving with a Foreign Army or Navy with His Majesty's licence, and (2) Naval, Military, or Air Attachés or other Officers officially attached to Foreign Armies or Navies during hostilities.

15. In exceptional cases, when for special reasons it is deemed expedient that the acceptance of the Medal should not be declined, His Majesty will grant restricted permission. Such cases will be judged on their merits, and the circumstances in which the Medal may be worn will be specified in the Letter conveying His Majesty's permission.

GENERAL.

16. The term "person in the Service of the Crown" includes persons in receipt of a salary or pension from Public Funds, or holding a Royal Commission in any part of His Majesty's Dominions, Protectorates, or Possessions.

17. Ladies are subject to the Regulations in all respects in the same manner as gentlemen.

WEARING OF FOREIGN ORDERS, DECORATIONS AND MEDALS.

NOTE.—*All communications relating to permission to accept and wear Foreign Decorations and Medals should be addressed to the Under Secretary of State, Foreign Office, excepting those which should be referred in the first instance to other Departments of His Majesty's Government, as indicated under the heading "War Decorations and Medals (Foreign)" on page 131.*

Regulations respecting Foreign Orders and Medals
applicable to persons *NOT* in the Service of the
Crown.

ORDERS.

1. It is the King's wish that no subject of His Majesty shall wear the Insignia of any Foreign Order without having previously obtained His Majesty's permission to do so, signified either :

(a) By Warrant under the Royal Sign-Manual, or

(b) By restricted permission conveyed through His Majesty's Private Secretary.

2. Permission given by Warrant under the Royal Sign-Manual will enable the Insignia of the Foreign Order to be worn at all times and without any restriction.

Restricted permission will only enable the Insignia to be worn on the occasions specified in the terms of the letter from the King's Private Secretary conveying the Royal sanction.

3. The full and unrestricted permission by Warrant under the Royal Sign-Manual is designed to meet cases where the Decoration may be said to have been earned by some valuable service rendered to the Head of the State conferring it, or to the State itself. Application will be made to His Majesty for full permission by His Majesty's Principal Secretary of State for Foreign Affairs on behalf of any person who, not being at the time in the Service of the Crown, is either in the salaried employment of a Foreign State or has rendered

valuable services within the period of two years immediately preceding the notification of the Decoration to His Majesty's Government as prescribed under Rule 5.

The expression "valuable services" must be construed as meaning some service rendered to a Foreign Head of State or Government specifically, and must be indisputably valuable in the strict sense of the word. Though such services need not necessarily be gratuitous, as in the case of a person actually in the employ of a Foreign Government, they must be unconnected with any transaction of a commercial or financial character brought about in the ordinary course of business. The term "valuable services" does not therefore, as a general rule, apply to services connected with the fulfilment of Government or Municipal contracts, the financing of Government or Municipal loans. It also does not include the presentation of objects of value to Public Museums and Institutions, pecuniary donations or endowments, personal performances, services in connection with Exhibitions and Industrial Congresses, services in the domain of art, literature, science, education and agriculture, services rendered by British subjects in the capacity of honorary foreign Consular Officers.

Red Cross and kindred services will only be regarded as "valuable" for the purposes of these Regulations when they have been rendered in a war in which the Empire has itself been engaged, and when the Decoration for wearing of which permission is sought has been conferred by an Allied State.

4. Restricted permission is contemplated for Decorations which have been conferred in recognition of personal attention to the Head of a Foreign State or Member of a Reigning House, and which are therefore of a more or less complimentary character. Restricted permission is, as a rule, only given on exceptional occasions, when in the public interest and for political reasons it is deemed expedient that the acceptance of a Foreign Decoration should not be declined.

5. Both in the case of full and in that of restricted permission the matter will be submitted to the King by His Majesty's Principal Secretary of State for Foreign Affairs.

The desire of the Head of a Foreign State to confer upon a

British subject the Insignia of an Order, or the fact that he has done so, must be notified to His Majesty's Principal Secretary of State for Foreign Affairs either through the British Diplomatic Representative accredited to the Head of the Foreign State, or through the Diplomatic Representative of the latter at the Court of St. James. His Majesty's Principal Secretary of State for Foreign Affairs shall be under no obligation to consider claims that are not brought to his notice through one of these channels.

6. When His Majesty's Principal Secretary of State for Foreign Affairs shall have taken the King's pleasure on any such application, and shall have obtained His Majesty's permission for the person in whose favour it has been made to wear the Insignia of a Foreign Order, he shall signify the same to His Majesty's Principal Secretary of State for the Home Department in order that he may cause a Warrant, if it be a case for the issue of a Warrant as defined in Rule 2, to be prepared for the Royal Sign-Manual.

When such Warrant shall have been signed by the King, a notification thereof shall be inserted in the "Gazette," stating the service for which the Foreign Order has been conferred.

Persons in whose favour such Warrants are issued will be required to pay to His Majesty's Principal Secretary of State for the Home Department a stamp duty of 10s.

7. The Warrant signifying His Majesty's permission may, at the request and at the expense of the person who has obtained it, be registered in the College of Arms. Every such Warrant as aforesaid shall contain a clause providing that His Majesty's licence and permission does not authorise the assumption of any style, appellation, rank, precedence, or privilege appertaining to a Knight Bachelor of His Majesty's Realms.

8. When a British subject has received the Royal permission, full or restricted, to accept and wear the Decoration of a Foreign Order, he will not be allowed to accept the Decoration of a higher class of the same Order without His Majesty's approval. His Majesty will in such cases grant permission only if the promotion in the Order is conferred for fresh services which come within these Regulations.

9. These Regulations apply only to Orders of Chivalry. Decorations conferred by Private Societies and Decorations of a purely academic nature, and all Decorations not being Orders of Chivalry, may be accepted without His Majesty's permission, but must not be worn.

Exception is made in the case of a few Foreign Orders, which, though not in strictness Orders of Chivalry, yet are of such a high distinction that, for the purpose of these Regulations, they are to be considered and treated as Orders of Chivalry.

MEDALS.

10. Medals, with the exceptions specified below, are subject to the Regulations in the same manner as Orders, but permission to wear is given by Letter and not by Royal Warrant. No permission is needed to accept a Foreign Medal if it is not to be worn.

11. Medals for saving or attempting to save life at sea or on land conferred on behalf of the Head or Government of a Foreign State may be accepted and worn without His Majesty's special permission.

12. In the case of Medals for Red Cross services, permission will only be granted in the conditions laid down in Rule 3, paragraph 3, above.

13. Applications for His Majesty's permission to wear Medal conferred by Private Societies or Institutions and Commemorative Medals cannot be entertained.

14. His Majesty will not grant permission to wear any Foreign War Medal if the person on whom it is to be or has been conferred was during the war acting in contravention of the Foreign Enlistment Act.

GENERAL.

15. Ladies are subject to the Regulations in all respects in the same manner as gentlemen.

Foreign Office.

WAR DECORATIONS AND MEDALS (FOREIGN).

Applications from members or ex-members of His Majesty's Forces for the benefit of the King's general permission for the wearing of Decorations or Medals awarded by Allied Governments for services in connexion with the War of 1914-1918 should be addressed to the Admiralty, War Office, or Air Ministry, as may be appropriate, with a view to the publication of the awards in the *London Gazette* (if this has not already been effected), together with an announcement that the recipients of such Decorations or Medals are authorized to wear them.

Beyond this publication, no formality is required to give effect to the King's pleasure in such cases; the issue of Warrants under the Royal Sign Manual, as prescribed by the Foreign Order Regulations in ordinary cases, being dispensed with.

Persons awarded decorations or medals by the Allied Governments for war services of a civilian character should address their applications to the Foreign Office.

The general permission granted by His Majesty does not apply in the case of awards made in respect of Services rendered subsequent to the signing of the Peace Treaty with Germany on June 28th, 1919.

Recorders when reading an Address to the King should wear the same as at Court.

MANNER OF WEARING UNIFORM.

A soft fronted shirt with white cuffs is the best to wear with uniform.

When breeches are worn, pants should reach to the knees only or a combination suit to reach to the knees.

With stockings it is advisable to wear a *thin* pair of cotton hose under the silk. This prevents the flesh being seen through the silk. Both pairs should be well pulled up over the knees and should fit closely. Shoes should not have too thin a sole unless they are worn for dancing. Care should be taken to secure sword belts from showing below coats or waistcoats or above waistcoat openings. This end may be achieved by wearing the belt under the braces.

With Court Suits plain Gold or Pearl studs should be in the shirt-front, and watch chains should not be worn. The Black Silk fob with seal, if worn, should hang from the fob pocket on the right side.

THE CARE AND PRESERVATION OF UNIFORM.

All gold and silver laced garments or articles should be folded or wrapped in the paper made for the purpose and placed in air-tight tin cases. Care should be taken that no article is put away damp. All articles liable to be eaten by moth should be unfolded at intervals and well beaten and brushed in the open air.

Russia leather parings, powdered camphor, naphthaline, carbolized paper, or turpentine sprinkled on brown paper should be placed among the articles of uniform which are to be packed away for any time.

Gold Lace that has become slightly tarnished can be cleaned with a mixture of cream of tartar and dry bread rubbed up very fine applied in a dry state and brushed lightly with a clean soft brush.
